

**Opportunity Title:** Cybersecurity for Tactical Autonomous Active Cyber Defense

**Opportunity Reference Code:** ARL-C-CISD-300110

**Organization** DEVCOM Army Research Laboratory

**Reference Code** ARL-C-CISD-300110

### **Description About the Research**

The overarching research task is to collaborate with our research partner, National Security Agency Researchers at the Laboratory of Physical Sciences in College Park, MD in the area of cybersecurity in solid state and quantum physics, optical and RF innovations, microelectronics integration and advanced computer systems. The intent is to bring the new knowledge of ongoing research of cybersecurity at LPS to directly support research efforts at ARL South – Cybersecurity and the Network Security Branch at ARL.

**Keywords:** cybersecurity; cyber; Solid State & Quantum Physics; Optical & RF Innovations; Microelectronics Integration; Advance Computing Systems

*ARL Advisor:* Raymond M. Bateman

*ARL Advisor Email:* Raymond.M.Bateman4.civ@mail.mil

### **About CISD**

The Computational and Information Sciences Directorate (CISD) conducts research in a variety of disciplines relevant to achieving and implementing the so-called digital battlefield. Problems address the sensing, distribution, analysis, and display of information in the modern battle space. CISD research focuses on four major areas: communications, atmospheric modeling, battlefield visualization, and computing

### **About ARL-RAP**

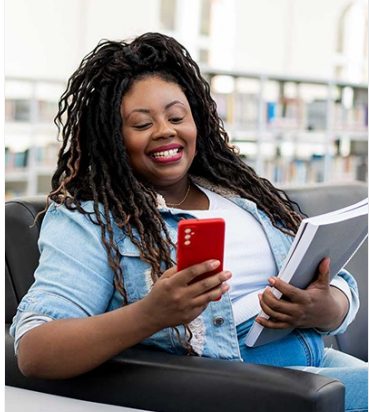

The [Army Research Laboratory Research Associateship Program](#) (ARL-RAP) is designed to significantly increase the involvement of creative and highly trained scientists and engineers from academia and industry in scientific and technical areas of interest and relevance to the Army. Scientists and Engineers at the CCDC Army Research Laboratory (ARL) help shape and execute the Army's program for meeting the challenge of developing technologies that will support Army forces in meeting future operational needs by pursuing scientific research and technological developments in diverse fields such as: applied mathematics, atmospheric characterization, simulation and human modeling, digital/optical signal processing, nanotechnology, material science and technology, multifunctional technology, combustion processes, propulsion and flight physics, communication and networking, and computational and information sciences.

### **A complete application includes:**

- **Curriculum Vitae or Resume**
- **Three References Forms**
  - An email with a link to the reference form will be available in Zintellect to the applicant upon completion of the on-line application.

 ORAU Pathfinder

Whether you are just starting your career or already at a senior level, ORAU offers internships, fellowships, research opportunities, and contract positions that can provide you with invaluable experience. Download the ORAU Pathfinder mobile app and find the right opportunity to propel you along your career path!

**Opportunity Title:** Cybersecurity for Tactical Autonomous Active Cyber Defense

**Opportunity Reference Code:** ARL-C-CISD-300110

Please send this email to persons you have selected to complete a reference.

- References should be from persons familiar with your educational and professional qualifications (include your thesis or dissertation advisor, if applicable)

- **Transcripts**

- Transcript verifying receipt of degree must be submitted with the application. Student/unofficial copy is acceptable

If selected by an advisor the participant will also be required to write a **research proposal** to submit to the ARL-RAP review panel for :

- Research topic should relate to a specific opportunity at ARL (see [Research Areas](#))
- The objective of the research topic should be clear and have a defined outcome
- Explain the direction you plan to pursue
- Include expected period for completing the study
- Include a brief background such as preparation and motivation for the research
- References of published efforts may be used to improve the proposal

A link to upload the proposal will be provided to the applicant once the advisor has made their selection.

**Questions about this opportunity?** Please email
