

Opportunity Title: Communication of Environmental Data and Consumer Information

Opportunity Reference Code: EPA-Water-2015-373

Organization U.S. Environmental Protection Agency (EPA)

Reference Code EPA-Water-2015-373

How to Apply A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- Two educational or professional references

All documents must be in English or include an official English translation.

If you have questions, send an email to EPArpp@orau.org. Please include the reference code for this opportunity in your email.

Description A postgraduate internship opportunity is available at the EPA Headquarters, Office of Wetlands, Oceans and Watersheds (OWOW), Office of Water in Washington, DC.

OWOW promotes a [watershed approach](#) to manage, protect, and restore the [water resources and aquatic ecosystems](#) of our marine and fresh waters. This strategy is based on the premise that water quality and ecosystem problems are best solved at the watershed level and that local citizens play an integral role in achieving clean water goals.

The project involves developing and communicating key water data messages from EPA and its intermediaries to educate the public and key stakeholders about water pollution and solutions, enhancing public awareness of these issues, and encouraging stewardship of waters on a local, regional and national basis.

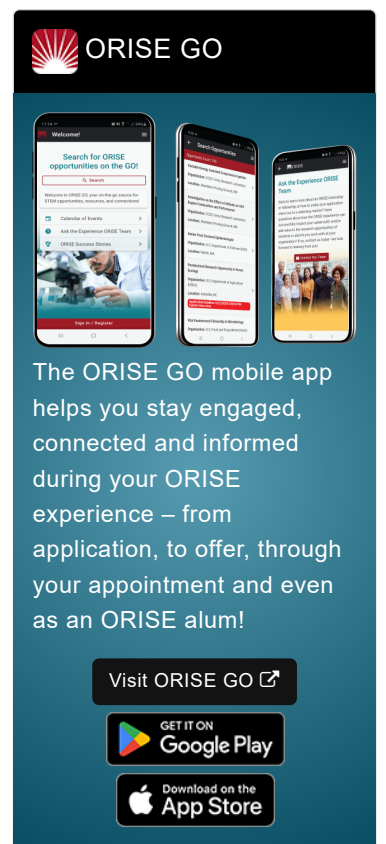

The ORISE participant will gain experience in:

- Clean Water Act programs and its objectives.
- Approaches for providing better access to and interpretation of existing water data.
- Investigating existing water data's utility for addressing real world challenges.
- Spotlighting socioeconomic case study examples of what water conditions translate to for families, communities and the Nation's economy and health.

The ORISE participant will learn:

- How to analyze human health and environmental data.
- Awareness about quality issues that impact various sectors in the U.S.
- Approaches for broadly sharing environmental information through the Web and Social Marketing.

This program, administered by ORAU through its contract with the U.S. Department of Energy to manage the Oak Ridge Institute for Science and

Opportunity Title: Communication of Environmental Data and Consumer Information

Opportunity Reference Code: EPA-Water-2015-373

Education, was established through an interagency agreement between DOE and EPA.

Qualifications Applicants must have received a bachelor's degree in environmental science, biology or in ecology within five years of the desired start date or completion of all requirements for the degree should be expected prior to the starting date.

The appointment is full time for one year and may be renewed upon recommendation of EPA and contingent on the availability of funds. The participant will receive a monthly stipend. The annual stipend will start at \$43,057. Funding may be made available to reimburse the participant's travel expenses to present the results of his/her research at scientific conferences. No funding will be made available to cover travel costs for pre-appointment visits, relocation costs, tuition and fees, or participant's health insurance. The participant must show proof of health and medical insurance. **The participant does not become an EPA employee.**

The mentor for this project is Antonio Bravo (bravo.antonio@epa.gov).

- Eligibility Requirements**
- **Degree:** Bachelor's Degree received within the last 60 month(s).
 - **Discipline(s):**
 - **Environmental and Marine Sciences** (1 )
 - **Life Health and Medical Sciences** (2 )
