- Two educational or professional recommendations. Applications need at least one recommendation submitted in order to be viewed by the mentor.

All documents must be in English or include an official English translation.

Application Deadline 9/27/2022 3:00:00 PM Eastern Time Zone

Description ***Applications will be reviewed on a rolling-basis.**

USFS Office/Lab and Location: A fellowship opportunity is available to engage with the Western Wildland Environmental Threat Assessment Center (WWETAC) with the United States Department of Agriculture (USDA) Forest Service (USFS). This fellowship is based in the USDA Forest Service Pacific Northwest Research Station located in Olympia, Washington.

WWETAC develops and communicates the latest scientific understanding of environmental threats to forests and rangelands in the western United States. WWETAC conducts applied science and provide tools and information to help land managers assess and respond to environmental threats, leading to more resilient landscapes.

Research Project: The fellow selected will help translate science and develop WWETAC communication materials, such as newsletters, briefing papers, web content, infographics, presentations, and webinars. The fellow will report to the director of WWETAC and will be mentored by a vibrant and dedicated team of WWETAC and associated staff. This fellowship offers a unique opportunity to build skills in science delivery, public relations, communications, and outreach. The participant will gain experience in collaborating with Forest Service deputy areas in developing communication content, strengthening partnership engagement through sharing project information, news, and updates, and synthesizing scientific publications for natural resources managers, forest landowners, and policy makers. Additional information about WWETAC can be found at:

<https://www.fs.usda.gov/wwetac/>

Learning Objectives: Specifically, the participant will gain experience by:

Opportunity Title: USFS Western Wildland Environmental Threat

Communications Fellowship

Opportunity Reference Code: USDA-USFS-2022-0277

- Drafting communication materials for WWETAC, including website content, fact sheets, infographics, and newsletters, with guidance from mentor.
- Assisting in facilitating and organizing webinars.
- Evaluating outreach effectiveness by analyzing web metrics to enhance our communication strategy.
- Synthesizing existing research and developing region-specific content and products to help natural resource managers and landowners respond and adapt to environmental threats.

The participant will be located in Olympia, Washington, along with the WWETAC director. There will be opportunities for professional development including skill training and travel. The Fellow will have the opportunity to interact with scientists in Forest Service research stations, and managers in the National Forest System and other land management agencies and entities. The Fellow may explore options for future job or educational opportunities and take advantage of additional training opportunities.

Mentor: The mentor for this opportunity is Jessica Halofsky (jessica.halofsky@usda.gov). If you have questions about the nature of the research please contact the mentor.

Anticipated Appointment Start Date: **October 3, 2022.** Start date is flexible and negotiable, and will depend on a variety of factors.

Appointment Length: The appointment will initially be for one year, but may be extended upon recommendation of USFS and is contingent on the availability of funds.

Level of Participation: The appointment is full-time.

Participant Stipend: The participant will receive a monthly stipend commensurate with educational level and experience. **The current annual stipend will be \$60,416 - \$73,098 per year, depending on experience. This appointment offers a health insurance allowance as well as a travel/training allowance**

Citizenship Requirements: This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details](#) page of the program website for information about the valid immigration statuses that are acceptable for program participation.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and USFS. Participants do not become employees of USDA, USFS, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

Questions: Please visit our [Program Website](#). After reading, if you have
