

Opportunity Title: USGS - The Bromery Internship

Opportunity Reference Code: DOI-USGS-2023-09

Organization U.S. Department of the Interior (DOI)

Reference Code DOI-USGS-2023-09

How to Apply *Connect with ORISE...on the GO!* Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

A complete application package consists of:

- An application
- Transcript(s) – For this opportunity, an unofficial transcript or copy of the student academic records printed by the applicant or by academic advisors from internal institution systems may be submitted. Click [Here](#) for detailed information about acceptable transcripts.
- A current resume/CV
- Two educational or professional recommendations. Contact information is required, but completed recommendations are optional.

All documents must be in English or include an official English translation.

Application Deadline 3/1/2024 3:00:00 PM Eastern Time Zone

Description **Applications will be reviewed on a rolling-basis, and this opportunity may close before the application deadline.*

USGS Office/Lab and Location: A research opportunity is currently available with the U.S. Department of Interior (DOI), U.S. Geological Survey (USGS). Interns may be asked to report in-person or remotely depending on the type of research.

The USGS mission is to monitor, analyze, and predict current and evolving dynamics of complex human and natural Earth-system interactions and to deliver actionable intelligence at scales and timeframes relevant to decision makers. As the Nation's largest water, earth, and biological science and civilian mapping agency, USGS collects, monitors, analyzes, and provides science about natural resource conditions, issues, and problems.

Research Project: The Bromery Internship Program provides paid opportunities for undergraduate and graduate students, and recent graduates to:

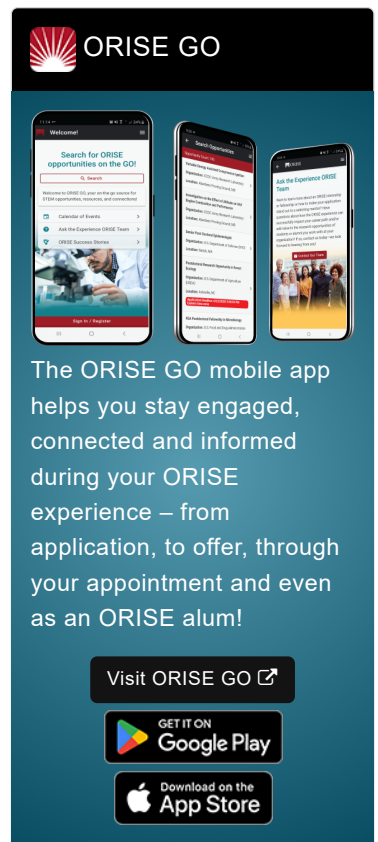

- Be part of world-class research and operations opportunities within the [United States Geological Survey](#).
- Enhance their preparedness for scientific, technological and administrative careers.
- Establish connections with United States Geological Survey community of scientists and subject matter experts, promoting long-term relationships between yourself, researchers, and other professionals in their fields.

Learning Objectives:

- **Exposure to a variety of tasks:** Interns often are involved in a range of learning experiences, from administrative support to field research to

OAK RIDGE INSTITUTE
FOR SCIENCE AND EDUCATION

research projects. This will give interns a broad understanding of the USGS operations and personnel roles.

- **Mentorship and guidance:** You will be paired with a mentor who will guide you through your research and help you learn about the agency. Take advantage of this opportunity to ask questions and seek feedback.
- **Networking:** Interning with the USGS can provide you with opportunities to meet and connect with people in your field of interest and learn about their experiences and career paths.
- **Professional development:** Through the internship experience program, we're offering top-notch opportunities for training and development. Take advantage of these and any training programs offered to help you build new skills and knowledge.
- **Exposure to public service:** You will gain wide exposure to different occupations and career paths and a sense of the impact your research can have on the public.

If you have questions about the nature of the internship, please contact Ernestine Coleman at ecoleman1@usgs.gov.

Anticipated Appointment Start Date: **May 2024.** Start date is flexible and will depend on the intern's availability.

Appointment Length: The appointment will initially be for one year but may be extended upon recommendation of USGS and is contingent on the availability of funds.

Level of Participation: The appointment is full-time or part-time (20 hours per week) and is negotiable.

Participant Stipend: The participant will receive a monthly stipend based on education and experience.

Citizenship Requirements: This opportunity is available to U.S. citizens only.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and USGS. Participants do not become employees of USGS, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

Questions: If you have questions about the application process please email USGS@orau.org and include the reference code for this opportunity.

Qualifications The qualified candidate should be currently pursuing or have received an associate's, bachelor's, master's, or doctoral degree in one of the relevant fields listed in the eligibility requirements section.

Eligibility Requirements

- **Citizenship:** U.S. Citizen Only
- **Degree:** Associate's Degree, Bachelor's Degree, Master's Degree, or
