

**Opportunity Title:** Space Science: Surface Processes and Geomorphology

**Opportunity Reference Code:** 0022-NPP-NOV23-ARC-PlanetSci

**Organization** National Aeronautics and Space Administration (NASA)

**Reference Code** 0022-NPP-NOV23-ARC-PlanetSci

**Application Deadline** 11/1/2023 6:00:59 PM Eastern Time Zone

**Description** The wealth of information returned by the Galileo, Cassini, MGS, Mars Odyssey, MEx, MRO, and LRO spacecraft continues to advance theories of surface formation and evolution. Our research focuses on the geomorphological evidence for processes, which have shaped the surfaces and interiors of solid bodies over the age of the solar system. Comparative studies of planetary systems are utilized to understand the geological histories and petrology of icy bodies (Europa, Ganymede, Callisto, Triton, and Pluto/Charon) and other planets (e.g., Mars). Geochemical and geophysical modeling of the internal processes shaping the surfaces of Mars, the Galilean and Saturnian satellites, and other objects are combined with remotely sensed data sets to provide qualitative and quantitative understanding of the forces which shaped these worlds.

**Location:**

Ames Research Center  
Moffet Field, California

**Field of Science:** Planetary Science

**Advisors:**

Jeffrey Moore  
jeff.moore@nasa.gov  
650-604-5529

**Applications with citizens from Designated Countries will not be accepted at this time, unless they are Legal Permanent Residents of the United States.** A complete list of Designated Countries can be found at: <https://www.nasa.gov/oiiir/export-control>.

Eligibility is currently open to:

- U.S. Citizens;
- U.S. Lawful Permanent Residents (LPR);
- Foreign Nationals eligible for an Exchange Visitor J-1 visa status; and,
- Applicants for LPR, asylees, or refugees in the U.S. at the time of application with 1) a valid EAD card and 2) I-485 or I-589 forms in pending status

**Eligibility Requirements** • **Degree:** Doctoral Degree.

Whether you are just starting your career or already at a senior level, ORAU offers internships, fellowships, research opportunities, and contract positions that can provide you with invaluable experience. Download the ORAU Pathfinder mobile app and find the right opportunity to propel you along your career path!
