

Opportunity Title: Earth Science: Remote Sensing and Modeling of Surface Water Processes

Opportunity Reference Code: 0100-NPP-NOV23-GSFC-EarthSci

Organization National Aeronautics and Space Administration (NASA)

Reference Code 0100-NPP-NOV23-GSFC-EarthSci

Application Deadline 11/1/2023 6:00:59 PM Eastern Time Zone

Description The Hydrological Sciences Laboratory at NASA's Goddard Space Flight Center is seeking a post-doc candidate in the area of surface water hydrology. The new candidate will work with other members of the Lab toward the developing a comprehensive understanding and modeling capability of surface water storage (liquid and frozen) and stream discharge over a wide range of scales, using remote sensing. This may also include experience or interests in modeling estuaries, as well as heat, mass, and chemical transport modeling for inland and coastal water applications. Familiarity with data assimilation techniques is also desired.

Location:

Goddard Space Flight Center
Greenbelt, Maryland

Field of Science:Earth Science

Advisors:

Michael F. Jasinski

301-614-5782

Frederick S. Policelli
frederick.s.policelli@nasa.gov
301-614-6573

Applications with citizens from Designated Countries will not be accepted at this time, unless they are Legal Permanent Residents of the United States. A complete list of Designated Countries can be found at: <https://www.nasa.gov/oiir/export-control>.

Eligibility is currently open to:

- U.S. Citizens;
- U.S. Lawful Permanent Residents (LPR);
- Foreign Nationals eligible for an Exchange Visitor J-1 visa status; and,
- Applicants for LPR, asylees, or refugees in the U.S. at the time of application with 1) a valid EAD card and 2) I-485 or I-589 forms in pending status

Eligibility Requirements • **Degree:** Doctoral Degree.

Whether you are just starting your career or already at a senior level, ORAU offers internships, fellowships, research opportunities, and contract positions that can provide you with invaluable experience.
