

Opportunity Title: Planetary Science Assistant

Opportunity Reference Code: 0001-NPP-NOV23-HQ-PlanetSci

Organization National Aeronautics and Space Administration (NASA)

Reference Code 0001-NPP-NOV23-HQ-PlanetSci

Application Deadline 11/1/2023 6:00:59 PM Eastern Time Zone

Description **This opportunity is available only to those applicants who have had at least one year of experience as an NPP Fellow.**

The Planetary Science Division performs a wide range of activities such as developing strategic missions for solar system exploration, selecting competitive Principal Investigator missions, and administering a broad-based Research and Analysis (R&A) program supporting hundreds of planetary scientists in the United States. The Division performs in a way to further specific scientific research objectives and as such reports annual progress to Congress and the President. In this position the Planetary Science Assistant will obtain experience in a wide range of programmatic activities involving various aspects in the management of an R&A program, analyzing the progress made toward the Division's scientific research objectives, and participating in future mission feasibility studies.
