

Opportunity Title: Large Lakes and Climate

Opportunity Reference Code: 0081-NPP-NOV23-JPL-EarthSci

Organization National Aeronautics and Space Administration (NASA)

Reference Code 0081-NPP-NOV23-JPL-EarthSci

Application Deadline 11/1/2023 6:00:59 PM Eastern Time Zone

Description The successful candidate will undertake the following activities: (1) use satellite derived water surface temperatures to characterize the thermal behavior of the 50 largest inland water bodies in the world and 100 largest US water bodies for the last three decades; (2) relate changes in the thermal behavior of the water bodies to global and regional climate change as indicated by surface air temperature data; (3) identify changes in the secondary characteristics of the thermal behavior of inland water bodies that result from climate change as a possible predictors of future change, e.g., timing of freeze-thaw; (4) compare the regional trends in surface temperature climate derived from these observations to those depicted in the 20th Century IPCC climate simulations.

Location:

Jet Propulsion Laboratory
Pasadena, California

Field of Science:Earth Science

Applications with citizens from Designated Countries will not be accepted at this time, unless they are Legal Permanent Residents of the United States. A complete list of Designated Countries can be found at: <https://www.nasa.gov/oiir/export-control>.

Eligibility is currently open to:

- U.S. Citizens;
- U.S. Lawful Permanent Residents (LPR);
- Foreign Nationals eligible for an Exchange Visitor J-1 visa status; and,
- Applicants for LPR, asylees, or refugees in the U.S. at the time of application with 1) a valid EAD card and 2) I-485 or I-589 forms in pending status

Eligibility Requirements • **Degree:** Doctoral Degree.

Whether you are just starting your career or already at a senior level, ORAU offers internships, fellowships, research opportunities, and contract positions that can provide you with invaluable experience.
