

**Opportunity Title:** Optical Instrumentation and NDE Technology

**Opportunity Reference Code:** 0014-NPP-MAR24-GRC-TechDev

**Organization** National Aeronautics and Space Administration (NASA)

**Reference Code** 0014-NPP-MAR24-GRC-TechDev

**Application Deadline** 3/1/2024 6:00:59 PM Eastern Time Zone

**Description Opportunity Restricted to US Citizens Only**

Optical Instrumentation and NDE Technology - Research and development of optical measurement technology for smart aerospace propulsion and power systems, including system health monitoring, diagnostics, and testing are being pursued. This technology includes laser-based techniques for flow characterization and surface temperature and pressure measurements, micro-optics, mobile sensing platforms, quantum optics, nanotechnology and biomimetics. New systems for both high spatial resolution and high temporal resolution of parameters such as velocity, temperature, pressure, damage detection and species concentration are conceived and developed in the Division laboratories and applied in the Center research facilities. Also, research and development in nondestructive evaluation (NDE) science to assure structural integrity and reliability of aerospace propulsion and power systems are being pursued. Areas of emphasis include nondestructive materials characterization for composite and monolithic advanced materials. These methods are used to assess quality, monitor degradation of components, aid life prediction models, and advanced structural health monitoring. Methods used and developed include ultrasonic guided and bulk wave, acoustics, x-ray microcomputed tomography, digital x-ray, and thermographic imaging. Biomedical applications of laser-based, electro-optics and NDE technologies are also sought.

**Location:**

Glenn Research Center  
Cleveland, Ohio

**Field of Science:** Technology Development

**Advisors:**

Margaret L. Nazario  
margaret.l.nazario@nasa.gov  
216-433-8665

- Eligibility Requirements**
- **Citizenship:** U.S. Citizen Only
  - **Degree:** Doctoral Degree.

Whether you are just starting your career or already at a senior level, ORAU offers internships, fellowships, research opportunities, and contract positions that can provide you with invaluable experience. Download the ORAU Pathfinder mobile app and find the right opportunity to propel you along your career path!
