

Opportunity Title: Appalachian STEM Academy at Oak Ridge - High School
(Students)

Opportunity Reference Code: ARC-ASA-HSS-24

Organization Appalachian Regional Commission (ARC)

Reference Code ARC-ASA-HSS-24

How to Apply Each applicant needs to create their own Zintellect account using the applicant's permanent email address. Note: Siblings cannot share a Zintellect account.

A complete application consists of:

- An online application form
- A recommendation submitted by a teacher, school counselor, school administrator, or community member (The application asks for contact information for your recommender. The recommender cannot be a family member.)

IMPORTANT NOTE: On the question asking about your degree, please enter the following on the indicated questions

- **Education Status** - enter "In Progress"
- **Degree** - enter "High School Diploma/GED"
- **Institution** - enter your current school name without any abbreviations
- **Dates** - enter the approximate dates you began and will finish at your current school
- **GPA** - enter your current GPA

***If you are homeschooled:** For any question asking for your school name, please enter "Homeschool" or the name of your homeschool organization or coop.

If you have questions, send an email to ARC-HS@orau.org. Please include "Student" as part of the subject.

Application Deadline 2/2/2024 11:59:00 PM Eastern Time Zone

Description The Appalachian STEM Academy at Oak Ridge is a two-week, fully funded, hands-on learning experience for Appalachia's high school students. Hosted by Oak Ridge Associated Universities in Oak Ridge, Tennessee, the program is a gateway to science, technology, engineering, and math (STEM) in the Appalachian region. Many participants come from economically distressed counties and increase their exposure to applied science and STEM research through this experience. All participants work with scientists from Oak Ridge National Laboratory, one of the largest U.S. Department of Energy research facilities in the United States, and other experts to conduct guided group science, math, and computer science technology research projects. The program culminates in a final group presentation where participants showcase their work.
