

Opportunity Title: CDC NCHHSTP Health Equity Postdoctoral Fellowship

Opportunity Reference Code: CDC-NCHHSTP-2024-0009

Organization Centers for Disease Control and Prevention (CDC)

Reference Code CDC-NCHHSTP-2024-0009

How to Apply *Connect with ORISE...on the GO!* Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

Application Deadline 2/23/2024 11:59:00 PM Eastern Time Zone

Description *Applications will be reviewed on a rolling-basis.

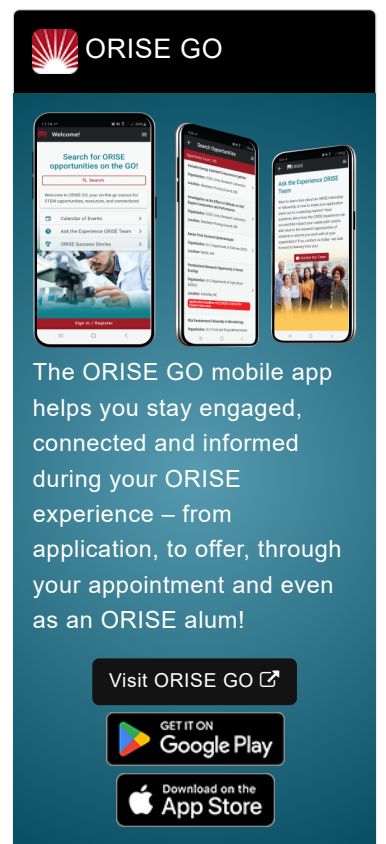

CDC Office and Location: A fellowship opportunity is available with the Office of Health Equity within the National Center for HIV, Viral Hepatitis, STD, and TB Prevention (NCHHSTP) at the Centers for Disease Control and Prevention (CDC) located in Atlanta, Georgia.

The Centers for Disease Control and Prevention (CDC) is one of the major operation components of the Department of Health and Human Services. CDC works to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.

Research Project: The postdoctoral fellow will receive training from NCHHSTP Office of Health Equity mentors in developing and implementing research projects that inform the development of effective strategies and interventions to reduce disparities in HIV, other STDs, TB and viral hepatitis. Effective strategies will support the guiding principal of high impact prevention, a public health approach to disease prevention in which proven, cost-effective and scalable interventions are implemented for preventing the greatest amount of infections or for reducing disparities, given available resources. Mentors and fellows will collaborate to develop a list of diverse research activities that they will complete together over the two year (subject to funding) training period. These activities will be based on the fellow's area(s) of interest, training, and expertise and the mission of the NCHHSTP Office of Health Equity.

Learning Objectives: As a result of this training, the participant will improve their skills in:

1. Conducting or participating in site visits related to health equity research projects or programmatic activities subject to the

- availability of funding and travel restrictions.
2. Designing, conducting, and interpreting an analysis of public health data.
 3. Writing and submitting scientific manuscripts for a peer-reviewed journal.
 4. Presenting oral presentations or posters at scientific meetings.

Mentor(s): The mentor for this opportunity is Dr. Donna Hubbard McCree (zyr1@cdc.gov). If you have questions about the nature of the research please contact the mentor(s).

Anticipated Appointment Start Date: **March 15, 2024.** Start date is flexible and will depend on a variety of factors.

Appointment Length: The appointment will initially be for two years, but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

Level of Participation: The appointment is full-time.

Participant Stipend: The participant will receive a monthly stipend commensurate with educational level and experience.

Citizenship Requirements: This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details](#) page of the program website for information about the valid immigration statuses that are acceptable for program participation.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

The successful applicant(s) will be required to comply with Environmental, Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing, vaccination).

Questions: Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email ORISE.CDC.NCHHSTP@orau.org and include the reference code for this opportunity.

Qualifications The qualified candidate should have received a doctoral degree in one of the relevant fields, or be currently pursuing the degree with completion before December 31, 2023. Degree must have been received within the past five years.

Opportunity Title: CDC NCHHSTP Health Equity Postdoctoral Fellowship

Opportunity Reference Code: CDC-NCHHSTP-2024-0009

- Applicants with documented training and skills in quantitative data analyses and evidence of research expertise or experience involving disproportionately affected populations in the United States are preferred.

- Eligibility Requirements**
- **Degree:** Doctoral Degree received within the last 60 months or anticipated to be received by 12/31/2023 11:59:00 PM.
 - **Discipline(s):**
 - **Life Health and Medical Sciences** ([5](#))
 - **Mathematics and Statistics** ([4](#))
 - **Social and Behavioral Sciences** ([10](#))

Affirmation I certify that I have not previously been employed by CDC or by a contractor working directly for CDC. I understand that CDC does not permit individuals with a prior employment relationship with CDC or its contractors to participate as trainees in the ORISE program. (Exceptions may be granted for individuals who, since the previous CDC employment, have obtained a new STEM degree which necessitates training in a new field.)
