

Opportunity Title: USAMRICD Summer 2024 Research Opportunity

Opportunity Reference Code: MRDC-MRICD-2024-0002

Organization U.S. Department of Defense (DOD)

Reference Code MRDC-MRICD-2024-0002

How to Apply Click on *Apply* at the bottom of the opportunity to start your application.

Application Deadline 4/19/2024 3:00:00 PM Eastern Time Zone

Description USAMRICD is seeking motivated current undergraduate students and high school/GED students who will receive their diploma by June 30, 2024 (and are matriculating to an undergraduate program), to participate in our summer research activities. Summer students will participate in a variety of on-going research projects at the institute, all in support of our mission to discover and develop medical products and knowledge solutions against chemical and biochemical threats.

Why should I apply?

Under the guidance of a mentor, you will gain hands-on experience and have an active role in the laboratory that may include:

- Learning techniques involving microscopy, histology, RNA isolation, cell culture, small animal handling, organ dissection, electrophysiology, plethysmography, fluorometry, and spectrophotometry
- Engaging in aspects of experimental design, troubleshooting, and data analysis

USAMRICD has a culture of teamwork, as such you will learn how to be a member of a laboratory team and how teams of researchers accomplish a common research goal. In addition, you will have an opportunity to attend seminars for both professional and scientific development. This research-based internship is for summer 2024 and is expected to be between eight to twelve-weeks in duration.

Where will I be located?

Edgewood, Maryland

What is the anticipated start date?

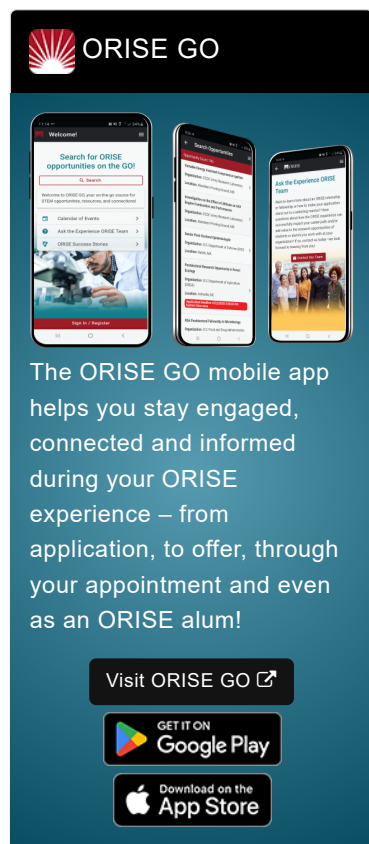

USAMRICD is ready to make appointments immediately. Exact start dates will be determined at the time of selection and in coordination with the selected candidate. Applications are reviewed on an ongoing basis and internships or fellowships will be filled as qualified candidates are identified.

What is the appointment length?

This research-based internship is for summer 2024 and is expected to be between eight to twelve-weeks in duration. Appointments may be extended depending on funding availability, project assignment, program rules, and availability of the participant.

What are the benefits?

You will receive a stipend to be determined by USAMRICD. Stipends will

Opportunity Title: USAMRICD Summer 2024 Research Opportunity

Opportunity Reference Code: MRDC-MRICD-2024-0002

range from \$2400-\$3300 per month.

About USAMRICD

The U.S. Army Medical Research Institute of Chemical Defense (USAMRICD) is the Department of Defense's lead laboratory for medical chemical defense research. As a subordinate element of the U.S. Army Medical Research and Development Command (USAMRDC), the institute conducts research for development of medical countermeasures to treat exposure to various chemical threat agents for protection of soldiers and civilians. Scientific disciplines at USAMRICD include, but are not limited to, chemistry, biology, biochemistry, pharmacology, molecular biology, neuroscience, toxicology, physiology, psychology, and immunology. Learn more about USAMRICD at <https://usamricd.health.mil>.

About ORISE

This program, administered by Oak Ridge Associated Universities (ORAU) through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and DoD. Participants do not enter into an employee/employer relationship with ORISE, ORAU, DoD or any other office or agency. Instead, you will be affiliated with ORISE for the administration of the appointment through the ORISE appointment letter and Terms of Appointment. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE. For more information, visit the [ORISE Research Participation Program at the U.S. Department of Defense](#).

Qualifications USAMRICD is seeking motivated current undergraduate students and high school/GED students who will receive their diploma by June 30, 2024 (and are matriculating to an undergraduate program).

Highly competitive applicants will have education and/or experience in one or more of the following:

- Effective writing and speaking skills
- Ability to comfortably operate in a research team environment
- Ability to operate independently when need
- Willingness to learn new skill
- Proficiency with MS Office software products

Application Requirements

A complete application consists of:

- Zintellect Profile
- Educational and Employment History
- Essay Questions (goals, experiences, and skills relevant to the opportunity)
- Resume (PDF)

Opportunity Title: USAMRICD Summer 2024 Research Opportunity

Opportunity Reference Code: MRDC-MRICD-2024-0002

- Transcripts/Academic Records - For this opportunity, an unofficial transcript or copy of the student academic records printed by the applicant or by academic advisors from internal institution systems may be submitted. [Click here for detailed information about acceptable transcripts.](#)
- One Recommendation(s). Your application will be considered incomplete and will not be reviewed until one recommendation is submitted. We encourage you to contact your recommender(s) as soon as you start your application to ensure they are able to complete the recommendation form and to let them know to expect a message from Zintellect. Recommenders will be asked to rate your scientific capabilities, personal characteristics, and describe how they know you. You can always log back in to your Zintellect account and check the status of your application.

If you have questions, send an email to ARMY-MRMC@orise.orau.gov. Please list the reference code of this opportunity [MRDC-MRICD-2024-0002] in the subject line of the email. Please understand that ORISE does not review applications or select applicants; selections are made by the sponsoring agency identified on this opportunity. All application materials should be submitted via the "Apply" button at the bottom of this opportunity listing. Please do not send application materials to the email address above.

- Eligibility Requirements**
- **Citizenship:** U.S. Citizen Only
 - **Degree:** Currently pursuing a High School Diploma/GED, Associate's Degree, or Bachelor's Degree.
 - **Discipline(s):**
 - **Chemistry and Materials Sciences** ([12](#) )
 - **Communications and Graphics Design** ([2](#) )
 - **Computer, Information, and Data Sciences** ([17](#) )
 - **Earth and Geosciences** ([21](#) )
 - **Engineering** ([27](#) )
 - **Environmental and Marine Sciences** ([14](#) )
 - **Life Health and Medical Sciences** ([51](#) )
 - **Mathematics and Statistics** ([11](#) )
 - **Physics** ([16](#) )
 - **Science & Engineering-related** ([2](#) )
 - **Social and Behavioral Sciences** ([29](#) )
 - **Age:** Must be 18 years old by 6/7/2024

Affirmation I affirm that I am either currently pursuing an undergraduate degree or that I am receiving a high school/GED diploma by June 30, 2024, and have been accepted into an undergraduate program to begin fall 2024.
