

**Opportunity Title:** CDC Rural Public Health Science Fellow

**Opportunity Reference Code:** CDC-PHIC-2024-0024

**Organization** Centers for Disease Control and Prevention (CDC)

**Reference Code** CDC-PHIC-2024-0024

**How to Apply** *Connect with ORISE...on the GO!* Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

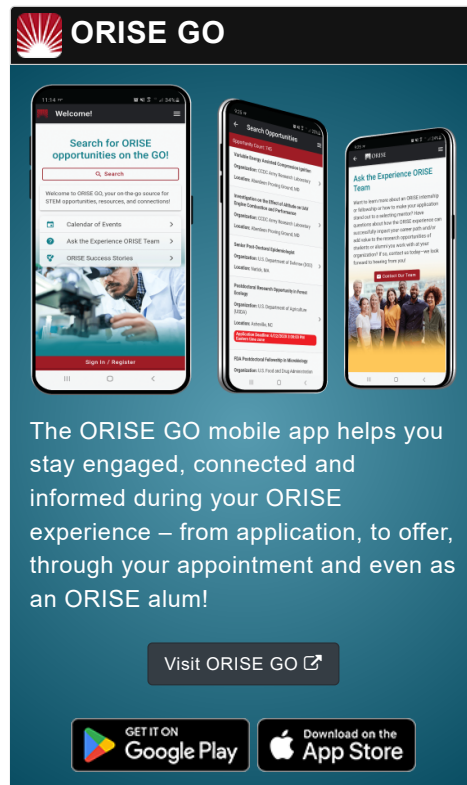

**Application Deadline** 4/21/2024 3:00:00 PM Eastern Time Zone

**Description** **\*Applications will be reviewed on a rolling-basis.**

**CDC Office and Location:** A research opportunity is available in the Centers for Disease Control and Prevention (CDC) located in Atlanta, Georgia.

The Centers for Disease Control and Prevention (CDC) is one of the major operation components of the Department of Health and Human Services. CDC works to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.

**Research Project:** The CDC Office of Rural Health (ORH), located within National Center for STLT Public Health Infrastructure and Workforce, seeks a Rural Public Health Science Fellow to support its rural public health science projects and build rural public health research capacity across the agency. The fellow will support ongoing scientific initiatives within ORH. These include developing and maintaining the CDC rural science tracking system, supporting the CDC Rural Health Learning Community (RHLC), creating rural public health research resources, and providing technical assistance to agency staff interested in pursuing analyses of rural populations. The fellow will also create at least one scientific manuscript in an ORH priority area and assist ORH staff with literature reviews, data analysis, and manuscript preparation. This Fellowship will provide an opportunity to make a meaningful impact on rural public health initiatives in ORH and across CDC. If you have a

**Opportunity Reference Code:** CDC-PHIC-2024-0024

passion for rural public health and can contribute to a culture of innovation and excellence, we invite you to apply to join our dynamic team.

**Learning Objectives:**

1. Develop proficiency in coordinating multidisciplinary teams and stakeholders to support ongoing scientific initiatives and research endeavors in rural public health.
2. Acquire skills in designing, conducting, and disseminating public health studies focused on rural populations
3. Gain a comprehensive understanding of rural public health research methodologies, including epidemiological approaches, demographic analyses, and geographic information systems (GIS) techniques.
4. Strengthen technical expertise in data analysis and visualization

**Mentor(s):** The mentor for this opportunity is Kevin Matthews ([yrp4@cdc.gov](mailto:yrp4@cdc.gov)). If you have questions about the nature of the research please contact the mentor(s).

**Anticipated Appointment Start Date: 2024.** Start date is flexible and will depend on a variety of factors.

**Appointment Length:** The appointment will initially be for one year, but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

**Level of Participation:** The appointment is full time.

**Participant Stipend:** Stipend rates may vary based on numerous factors, including opportunity, location, education, and experience. If you are interviewed, you can inquire about the exact stipend rate at that time and if selected, your appointment offer will include the monthly stipend rate.

**Citizenship Requirements:** This opportunity is available to U.S. citizens and Lawful Permanent Residents (LPR).

**ORISE Information:** This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

The successful applicant(s) will be required to comply with Environmental, Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing,

vaccination).

**Questions:** Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email [ORISE.CDC.PHIC@orau.org](mailto:ORISE.CDC.PHIC@orau.org)? and include the reference code for this opportunity.

**Qualifications** The qualified candidate should be currently pursuing or have received a master's or doctoral degree in the one of the relevant fields. Degree must have been received within the past five years or anticipated to be received by 12/15/2024.

**Preferred skills:**

- Familiar with rural public health issues and have quantitative analysis skills
- Experience in project management, collaborating with multidisciplinary teams, and excellent communication skills
- Skills with data visualization (i.e., ArcGIS, Tableau, etc.) or statistical analysis software (i.e., Stata, SAS, etc.) are desirable

**Eligibility Requirements**

- **Citizenship:** LPR or U.S. Citizen
- **Degree:** Master's Degree or Doctoral Degree received within the last 60 months or anticipated to be received by 12/15/2024 12:00:00 AM.
- **Discipline(s):**
  - **Computer, Information, and Data Sciences** (2 )
  - **Earth and Geosciences** (1 )
  - **Life Health and Medical Sciences** (2 )
  - **Social and Behavioral Sciences** (3 )

**Affirmation** I certify that I have not previously been employed by CDC or by a contractor working directly for CDC. I understand that CDC does not permit individuals with a prior employment relationship with CDC or its contractors to participate as trainees in the ORISE program. (Exceptions may be granted for individuals who, since the previous CDC employment, have obtained a new STEM degree which necessitates training in a new field.)
