

**Opportunity Title:** CDC Paula E. Jayne Fellowship for Adolescent and School Health

**Opportunity Reference Code:** CDC-NCCDPHP-2024-0071

**Organization** Centers for Disease Control and Prevention (CDC)

**Reference Code** CDC-NCCDPHP-2024-0071

**How to Apply** *Connect with ORISE...on the GO!* Download the new ORISE GO mobile app in the [Apple App Store](#) or [Google Play Store](#) to help you stay engaged, connected, and informed during your ORISE experience and beyond!

A complete application consists of:

- An application
- Transcripts – [Click here for detailed information about acceptable transcripts](#)
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

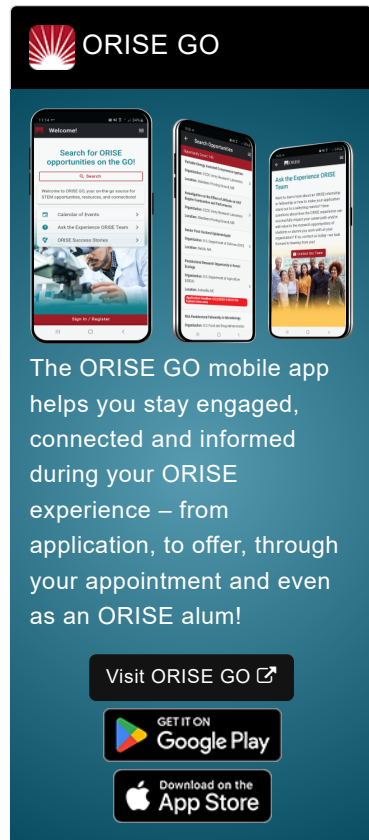

**Description** \*Applications will be reviewed on a rolling-basis.

**CDC Office and Location:** A research opportunity is available in the Centers for Disease Control and Prevention (CDC) located in Atlanta, Georgia.

The Centers for Disease Control and Prevention (CDC) is one of the major operation components of the Department of Health and Human Services. CDC works to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.

**Research Project:** The Paula E. Jayne Fellowship for Adolescent & School Health is currently available within the Research Application and Evaluation Branch of the Division of Adolescent and School Health (DASH) within the National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP) at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia. CDC's Division of Adolescent and School Health supports school health programs to prevent chronic disease, reduce youth's risk for HIV, STI, and unintended pregnancy, and address related risk and protective factors including mental health, violence, and substance use.

**Learning Objectives:** Under the guidance of a mentor, the selected participant(s) will have the opportunity to contribute to DASH's research, evaluation, and translation efforts supporting child, adolescent, and school health. Specifically, the fellow will gain experience collaborating with CDC staff to: (a) conduct dissemination and implementation research and evaluation activities; (b) translate scientific findings into actionable tools and resources for schools to use to support the health of students and staff, (c) collaborate with CDC staff to help provide technical assistance on school health programs to local and state education agencies (LEAs/SEAs).

**ORISE GO**

The ORISE GO mobile app helps you stay engaged, connected and informed during your ORISE experience – from application, to offer, through your appointment and even as an ORISE alum!

**Opportunity Title:** CDC Paula E. Jayne Fellowship for Adolescent and School Health

**Opportunity Reference Code:** CDC-NCCDPHP-2024-0071

The participant is expected to have the learning opportunity to be involved in the following activities:

- Assessing the reach, utility, and opportunities for improving DASH's tools and resources for promoting school health.
- Translating school health research and evaluation findings into practical tools and resources for schools, families, and students.
- Collaborating with CDC staff and other national experts on the provision of technical assistance to school districts, schools, and school partners.

**Mentor(s):** The mentor for this opportunity is Natalie Wilkins ([HUX9@cdc.gov](mailto:HUX9@cdc.gov)). If you have questions about the nature of the research please contact the mentor(s).

**Anticipated Appointment Start Date:** August 29, 2024. Start date is flexible and will depend on a variety of factors.

**Appointment Length:** The appointment will initially be for one year, but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

**Level of Participation:** The appointment is full time.

**Participant Stipend:** Stipend rates may vary based on numerous factors, including opportunity, location, education, and experience. If you are interviewed, you can inquire about the exact stipend rate at that time and if selected, your appointment offer will include the monthly stipend rate.

**Citizenship Requirements:** This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details page](#) of the program website for information about the valid immigration statuses that are acceptable for program participation.

**ORISE Information:** This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

The successful applicant(s) will be required to comply with Environmental, Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing, vaccination).

**Questions:** Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email [ORISE.CDC.NCCDPHP@orau.org](mailto:ORISE.CDC.NCCDPHP@orau.org) and include the reference code for this

**Opportunity Title:** CDC Paula E. Jayne Fellowship for Adolescent and School Health

opportunity.

**Qualifications** The qualified candidate should be currently pursuing or have received a master's or doctoral degree in the one of the relevant fields (e.g. epidemiology, public health, education, social sciences, or a closely related field). Degree must have been received within the past five years, or anticipated to be received by 8/29/2024.

**Preferred skills:**

- Knowledge of research and evaluation methods, methods for effectively communicating research findings for scientific audiences, and translating research and best practices into tools, resources, and guidance that bridges research into practice.
- Experience conducting research, evaluation, and/or research synthesis with children, adolescents, and/or schools.
- Content knowledge in the areas of sexual health, mental health, health education, school-based or school-linked health services, and building safe and supportive school environments is preferred.

- Eligibility Requirements**
- **Degree:** Master's Degree or Doctoral Degree received within the last 60 months or anticipated to be received by 8/29/2024 12:00:00 AM.
  - **Discipline(s):**
    - **Communications and Graphics Design** ([6](#) 👁)
    - **Life Health and Medical Sciences** ([5](#) 👁)
    - **Other Non-Science & Engineering** ([6](#) 👁)
    - **Social and Behavioral Sciences** ([30](#) 👁)

**Affirmation** I certify that I have not previously been employed by CDC or by a contractor working directly for CDC. I understand that CDC does not permit individuals with a prior employment relationship with CDC or its contractors to participate as trainees in the ORISE program. (Exceptions may be granted for individuals who, since the previous CDC employment, have obtained a new STEM degree which necessitates training in a new field.)
