Description The Air Force Institute of Technology (AFIT) is offering an undergraduate internship at Wright Patterson Air Force Base located in Dayton, Ohio.

What will I be doing?

As an ORISE participant, you will join a community of scientists and researchers in an effort to conduct research related to all aspects of hypersonic technology. You will be matched to specific projects based on your academic experience and professional interests.

Why should I apply?

Under the guidance of a mentor, you will engage in a variety of research activities that may include:

- High temperature materials
- Hypersonic trade studies
- Hypersonic aerothermodynamics
- Hypersonic controls/trajectories
- Hypersonic navigation
- Sensing for detection/tracking.

Where will I be located? Dayton, Ohio

What is the anticipated start date?

Exact start dates will be determined at the time of selection and in coordination with the selected candidate. Applications are reviewed on an ongoing basis and internships will be filled as qualified candidates are identified.

What is the appointment length?

This appointment is a ten-week research appointment, with the possibility to be renewed for additional research periods. Appointments may be extended depending on funding availability, project assignment, program rules, and availability of the participant.

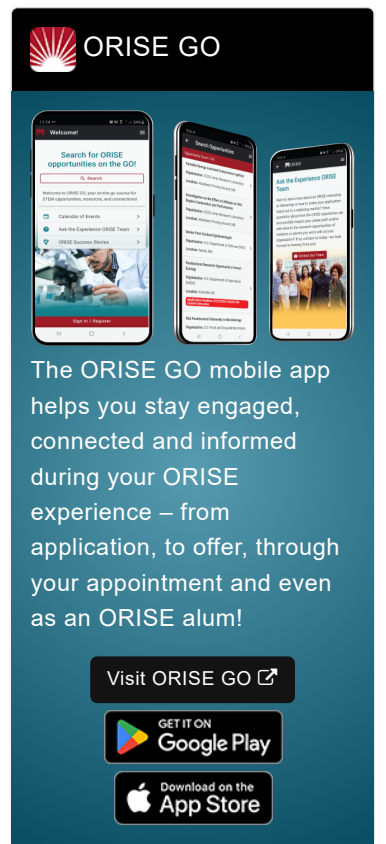

What are the appointment provisions?

You will receive a stipend to be determined by AFIT. Stipends are typically based on a participant's academic standing, discipline, experience, and research facility location. Other provisions may include the following:

- Health Insurance Supplement (*Participants are eligible to purchase health insurance through ORISE*)
- Relocation Allowance
- Training and Travel Allowance
