Application Deadline 1/12/2025 3:00:00 PM Eastern Time Zone

Description ***Applications will be reviewed on a rolling-basis.**

CDC Office and Location: A fellowship opportunity is available with the [Coronavirus and Other Respiratory Viruses Division \(CORVD\)](#) in the [National Center for Immunization and Respiratory Diseases \(NCIRD\)](#), at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia. **This opportunity can be part-time or full-time and may be eligible to be 100% virtual within 50 miles of the appointment location.**

The Centers for Disease Control and Prevention (CDC) is one of the major operation components of the Department of Health and Human Services. CDC works to protect America from health, safety and security threats, both foreign and in the U.S. Whether diseases start at home or abroad, are chronic or acute, curable or preventable, human error or deliberate attack, CDC fights disease and supports communities and citizens to do the same.

The mission of the Coronavirus and Other Respiratory Viruses Division (CORVD) is to improve the health of people and communities by preventing illness, disability, and death from respiratory viruses through public health science and practice in the United States and globally.

Research Project: The Health Equity Fellow will contribute to advancing health equity through research, policy analysis, community engagement, and program development. Specifically, they will evaluate and monitor trends in the effects of disparities for COVID-19 and RSV. This fellowship offers a unique opportunity to collaborate with a multidisciplinary team and gain expertise in health equity, social determinants of health, and

community-based initiatives.

Learning Objectives: The activities listed below represent the minimum training opportunities that the fellow will complete:

- Conduct a landscape analysis of current health equity work.
- Develop reports on current health equity activities, survey findings, priority areas as communicated by staff, and recommendations for a path forward to advance health equity efforts.
- Design, conduct, and interpret an analysis of public health data.
- Attend regular scientific meetings on emerging health equity issues.

Mentor(s): The mentor for this opportunity is **Hope King** (hck2@cdc.gov). If you have questions about the nature of the research, please contact the mentor(s).

Anticipated Appointment Start Date: **March 10, 2025.** Start date is flexible and will depend on a variety of factors.

Appointment Length: The appointment will initially be for six months, but may be renewed upon recommendation of CDC and is contingent on the availability of funds.

Level of Participation: The appointment is full time or part time.

Participant Stipend: Stipend rates may vary based on numerous factors, including opportunity, location, education, and experience. If you are interviewed, you can inquire about the exact stipend rate at that time and if selected, your appointment offer will include the monthly stipend rate.

Citizenship Requirements: This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens Details page](#) of the program website for information about the valid immigration statuses that are acceptable for program participation.

ORISE Information: This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and CDC. Participants do not become employees of CDC, DOE or the program administrator, and there are no employment-related benefits. Proof of health insurance is required for participation in this program. Health insurance can be obtained through ORISE.

The successful applicant(s) will be required to comply with Environmental, Safety and Health (ES&H) requirements of the hosting facility, including but not limited to, COVID-19 requirements (e.g. facial covering, physical distancing, testing, vaccination).

Questions: Please visit our [Program Website](#). After reading, if you have additional questions about the application process please email ORISE.CDC.NCIRD@orau.org and include the reference code for this opportunity.

- **Social and Behavioral Sciences** ([30](#))

Affirmation I certify that I have not previously been employed by CDC or by a contractor working directly for CDC. I understand that CDC does not permit individuals with a prior employment relationship with CDC or its contractors to participate as trainees in the ORISE program. (Exceptions may be granted for individuals who, since the previous CDC employment, have obtained a new STEM degree which necessitates training in a new field.)
