**Application Deadline** 1/25/2019 11:59:00 PM Eastern Time Zone

**Description** The National Library of Medicine Associate Fellowship is a one-year residency program for recent library science graduates interested in a career in health sciences librarianship. The program combines curriculum and project work and is located at the National Library of Medicine on the campus of the National Institutes of Health in Bethesda, Maryland

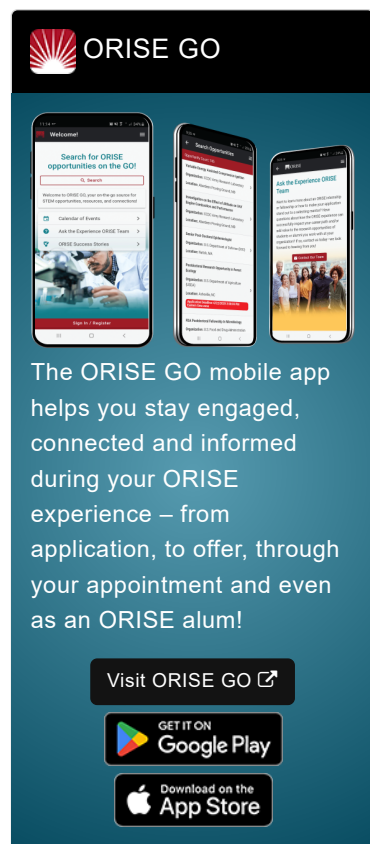

The Associate Fellowship provides knowledge and skills in project work ranging from:

- Fundamentals of data science, and projects in data wrangling, data analysis, data visualization, programming, and data policy
- Creation of online tutorials and educational videos, conducting user needs assessments
- Development of an in-depth understanding of the development, production, implementation of NLM product and services

The Associate Fellowship offers opportunities for professional development through:

- Participation in lectures, exercises, conferences, short and extended visits to other health sciences libraries
- Workshops on work style, resume review, negotiation, and presentation skills
- Mentorship from a program coordinator and NLM staff who serve as preceptors

This program, administered by ORAU through its contract with the U.S. Department of Energy (DOE) to manage the Oak Ridge Institute for Science and Education (ORISE), was established through an interagency agreement between DOE and the National Library of Medicine (NLM). The initial appointment is for one year, but may be renewed upon recommendation of NLM contingent on the availability of funds. **The participant will receive an annual stipend of \$56,233; additional**
