Description The EPA Environmental Research and Business Support Program has immediate opening for an Environmental Quality Assurance Support position with the Office of Research and Development at the EPA facility in Research Triangle Park, NC.

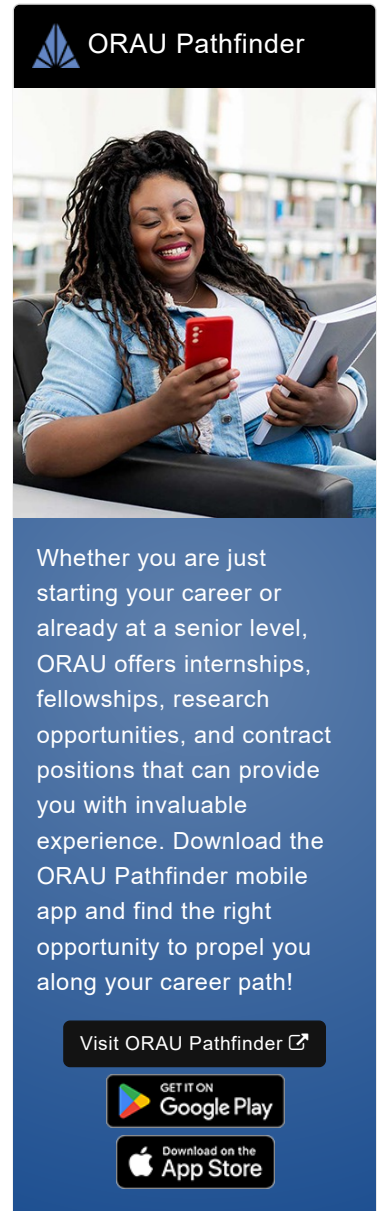

The Office of Research and Development at the EPA supports high-quality research to improve the scientific basis for decisions on national environmental issues and help EPA achieve its environmental goals. Research is conducted in a broad range of environmental areas by scientists in EPA laboratories and at universities across the country.

The National Exposure Research Laboratory (NERL), Office of Research and Development (ORD), Exposure Methods and Measurements Division (EMMD) is a scientific organization responsible for carrying out EPA's mission to protect human health and the environment by developing and applying innovations in exposure science.

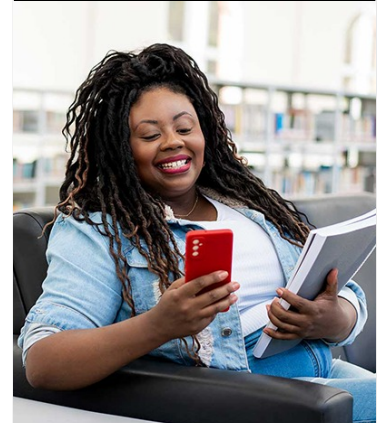

The selected candidate shall assist the EMMD Quality Assurance Managers (QAMs) with the technical and administrative duties required to fulfill its obligations to NERL, including scientific and technical support, database and records management, and communication of NERL's research and quality assurance (QA) program.

Scientific and Technical Support responsibilities shall include:

- Assisting in planning, executing, and following up on meetings associated with activities of the EMMD Quality Assurance Managers (QAMs).
- Assisting with identifying opportunities for improvement in quality assurance activities and recommending solutions.
- Assisting EMMD QAMs with review of QA documentation, procedures, and policies.
- Assisting with the development of quality assurance standard operating procedures, training materials, QA summary reports, or other materials necessary to support the quality program.
- Assisting EMMD QAMs in the coordination, planning, and implementation of equipment calibrations, technical systems and audits of data quality, QA training, and distribution of QA documentation.
- Assisting the EMMD QAMs in conducting in-house lab equipment verifications at the Research Triangle Park facility, including (but not limited to) yearly weight and thermometer verifications for all the working weights and thermometers in the lab.
- Assisting EMMD QAMs with the distribution of research notebooks.
