

#### Opportunity Title: CDC Child Health and Mortality Prevention Surveillance Network Fellowship

Opportunity Reference Code: CDC-DCHPP-2020-0206

Organization Centers for Disease Control and Prevention (CDC)

## Reference Code CDC-DCHPP-2020-0206

How to Apply Connect with ORISE ... on the GO! Download the new ORISE GO mobile app in the Apple App Store or Google Play Store to help you stay engaged, connected, and informed during your ORISE

experience and beyond!

A complete application consists of:

- An application
- Transcripts <u>Click here for detailed information about acceptable transcripts</u>
- A current resume/CV, including academic history, employment history, relevant experiences, and publication list
- One educational or professional recommendation. Your application will be considered incomplete, and will not be reviewed until one recommendation is submitted.

All documents must be in English or include an official English translation.

If you have questions, send an email to ORISE.CDC.NCEZID@orau.org. Please include the reference code for this opportunity in your email.

### Application Deadline 9/30/2020 3:00:00 PM Eastern Time Zone

## Description \*Applications will be reviewed on a rolling basis.

A fellowship opportunity is currently available in the Infectious Diseases Pathology Branch (IDPB) within the Division of High-Consequence Pathogens and Pathology (DHCPP) of the National

Center for Emerging and Zoonotic Infectious Diseases (NCEZID) at the Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia.

Throughout the course of this research project, and under the guidance of a mentor, the fellow will gain experience by receiving training in following:

- · Triaging incoming cases and test requests from sites
- · Assisting in organization, scheduling, and content development for in-country histopathology, special stain, and IHC training sessions
- · Grossing's wet tissues, photograph and upload photos to database
- Transferring data from CHAMPS portal to IDPB files and database, and vice versa
- · Attending histopathology review sessions and provide case data at appropriate times during evaluation of slides (age before, clinical/lab data afterwards)
- · Assisting pathologists in ordering tests in database, as needed
- · Generating spreadsheets and CHAMPS summary data from IDPB Access database or other files. Using spreadsheets to perform basic data analyses upon request.
- · Together with site representatives, schedule and organize telepathology sessions.
- Preparing case summaries in preparation for telepathology.
- · Preparing preliminary telepathology reports after sessions and upload final report to CHAMPS portal after review/revision bypathologists.
- Slide scanning and management of digital images for CHAMPS cases.

## Anticipated Appointment Start Date: September 2020
