**Description** *Explore the Possibilities!*

- Learn from top scientists and subject matter experts in energy-related areas such as clean energy, energy efficiency, renewable energy, artificial intelligence, climate change, vehicles, nuclear energy, cybersecurity, environmental sciences, emergency response.
- Develop skills within and outside of your field of study and interest, and gain a competitive edge by learning first hand DOE functions, operations and culture.
- Network with your peers, travel, and participate in educational events.
- Consider a federal career with DOE.

The DOE Scholars Program is designed to attract talented undergraduate and graduate students, and recent graduates in a variety of fields. This program will help prepare you to pursue the full range of entry and mid-level research, technical and professional positions within the U.S. Department of Energy (DOE) and organizations that support the DOE mission. Opportunities are available for a variety of disciplines at DOE facilities nationwide.

#### Stipends

- Undergraduate student - minimum of \$600 per week
- Graduate and post-graduate student - minimum of \$650 per week

#### Travel

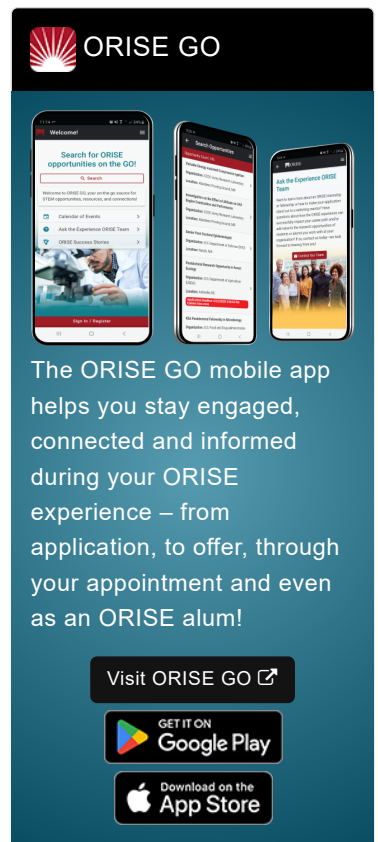

Travel reimbursement for inbound and outbound expenses up to \$1,000 for participants who live more than fifty miles, one-way, from the assigned hosting site. Depending on your project assignment, duration of appointment and funding availability, you may be eligible to receive an allowance for travel and training.

#### Duration

Most DOE Scholars appointments are short-term, i.e. summer internships of ten weeks. Longer term appointments may be offered by a DOE office (contingent on site/office funding and program need). Extensions may be granted based on the needs of the sponsoring office and the candidate's availability. Appointments during the academic year may also be available.
